Regarding: SKB Injection and Rotationally molded cases compliance to RoHS and REACH regulations

Dear Sirs:

To the best of our knowledge and based on information provided by our raw material suppliers, all injection molded, and rotationally molded cases that SKB Corporation manufactures in Orange California meet all known EU regulations such as RoHS and REACH and the Candidate List of 224 substances of very high concern (SVHCs) listed through 10 June 2022.

Should you have specific specifications that you would like to ensure compliance with please forward said specification sections to your SKB contact and they will be reviewed.

Regards,

Robert Wilkes  
Sr. Vice President  
Global Operations
